Steve Gilliland is one of the most in-demand and top-rated speakers in the United States and Canada. His appeal transcends barriers of age, culture, and occupation. Only 10 percent of 4,700 men and women who belong to the International Federation of Professional Speakers hold the designation of Certified Speaking Professional, and he is one of them.

He was also recognized by Who's Who for Speakers and Business Professionals. He launched his full-time speaking career and built a multimillion-dollar corporation on the same philosophy he expounds to his audiences: If you continually learn more about your company, your industry, your customer, and yourself, you will always be a leader. You will be purpose-driven rather than process-driven, and you will make a difference.

"My passion is to bring laughter to people while slipping simple nuggets of truth into their hearts, giving them courage to take a look at their challenges and enabling them to begin to conquer them."

Steve Gilliland, CSP
