

Timber Truss Housing Systems, Inc.

**Manufacturer and supplier of quality
building components and building products**

TrussMark® Homes The complete panelized home package. Many styles and designs are available, or your **Custom Plans** can be "packaged" giving the same quality and advantages as the TrussMark® Home.

Building Components Floor trusses, roof trusses, and wall panels are precisely engineered and manufactured to the highest standards.

Door Units and Windows Interior and Therma-Tru® exterior door units are assembled into a variety of high quality styles. Energy efficient windows and patio doors are available in wood, aluminum clad, fiberglass clad and vinyl. Windows supplied by Timber Truss include Weather Shield®, Atrium®, Lincoln®, and SilverLine®.

Cabinets and much more... Many styles of beautiful cabinets are available from Timber Truss including, CWP®, Bertch®, Legacy®, KraftMaid®, HomeCrest®, and Mid-Continent®. Also supplied are lumber, plywood, siding, roofing, skylights, Schlage® locksets, interior and exterior trim and millwork, engineered lumber, deck materials, nails, and more.

Timber Truss was founded in 1960 and has since maintained a reputation for high quality building products and dedicated service. A knowledgeable team of sales representatives, designers, engineers and production personnel, are always ready to serve you. Timber Truss can serve you on building projects both large and small, near and far.
